

Kindyland

Pre-School & Daycare Centre

Where Learning is FUN

Welcome to Kindyland!

Founded in 2008, we aim to inspire children to discover their full potential as the future generation of leaders. We pride ourselves on providing a safe and caring environment for children to develop, setting them up with a strong foundation for their education.

Our experienced teachers' love for little ones translates into their teaching methods, creating a fun learning environment for our students. Their dedication to nurture and shape young characters is what makes Kindyland what it is today.

Parent Testimonials

"The teachers are dedicated, patient, and experienced in teaching. Their programmes are well planned and hands-on making learning fun. After school activities are offered every day. Events like sports day, annual concert, field trips and festive parties keep students interested in.

Our eldest, Iris, joined in 2015 and we have enrolled our second child, Daanya, who is enjoying school as much as her older sister if not more. I cannot thank Kindyland enough for making my children's preschool years a memorable and wonderful experience."

Faten & Fawaz

"I love how clean and child friendly this school is. The teachers have years of experience and I can tell that they genuinely care about their students and try to make the school better each year.

They take care of students like their own children. I have been with Kindyland for 5 years now and my youngest graduates in 2 years.

I chose this school as it was highly recommended by friends. I can proudly say that I made the right choice as I know my kids are in good hands."

Datin Geraldine S. Bigar

"Both our daughters love going to school every morning.

They have learned so much through the fun activities that the teachers plan and they are all ready for Chinese primary school.

The best part of Kindyland is they have many extra activities that my daughters can take part in without having to send them to different places after school."

Bryan Loo & Sally Quah

"Our son Frankie has attended Kindyland Tropicana for 3 years. We are very satisfied with the curriculum and activities, and it is reflective in our son's progress.

The teachers guiding our son have been professional, attentive, caring and understanding, and we can only commend them for the great job they do."

Katy & Nick Ricciardo

In order to safeguard our schooling community's health, please take note of these additional steps we are taking in accordance with the SOPs issued by the Ministry of Health and Education respectively:

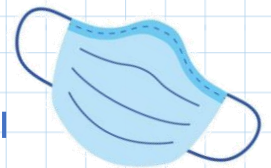

We are implementing physical distancing measures

1. We will segregate learning areas to minimize physical contact for our students.
2. School has been set up to maintain physical distancing between students. Students will be encouraged to remain in their designated seating areas that are clearly outlined and marked during school hours
3. Food will be served in classrooms instead of in the common area
4. Extracurricular activities run by external vendors will be halted until further notice
5. Activities requiring physical contact and gatherings will be halted:
 - There will be no field trips, sports day and end of year concert this year as advised by the MOE/ MOH
 - Activities such as forming trains to go to bathrooms will be stopped. Children will go to the bathroom individually, with supervision from our caretakers to ensure proper hygiene practices are carried out

We are using Personal Protective Equipment in school

1. All staff will be equipped with facemasks and face shields
2. Students are required to wear face masks to school. We encourage parents to provide students a mask and face shield (optional) to wear in school and keep several spare masks in their school bag. We will do our best to ensure s/he keeps the mask/ shield on in school and inform you if s/he runs out of spare masks.

We have enhanced our hygiene and sanitization practices

1. In addition to our standard practices, we have purchased additional sanitization equipment for daily use:
 - Disinfection fog machine to be used in all rooms
 - Handheld disinfectant sprayer to treat all learning materialsSanitization liquid used is non-toxic/ FDA (US)/ SIRIM approved
2. Increased frequency of handwashing, cleaning bathrooms and high touch areas such as switches and door knobs
3. Paper towels will be provided for students to dry hands

School visits by parents/ and guardians will only be allowed if absolutely necessary

1. Parents and guardians are not allowed into classrooms for any reason including birthday celebrations
2. In the event that you need to speak to the principal, kindly give us a call, send us a message or arrange for a virtual meeting

Students are not allowed to bring personal belongings to school

The MOE has advised that students are not allowed to bring belongings from home including school bags, food and beverages. We request parents to prepare the following CLEARLY LABELLED to be kept in school:

1. Water bottle
2. Spare uniform in a plastic bag
3. School bag to store personal belongings in school
4. Optional:
 - a. Pencil case with 3 pencils, eraser and ruler
 - b. Colouring pencils (12 colours)
 - c. Utensil set – bowl, plate, fork and spoon.
 - d. Hand towel
 - e. Face mask

To request for an exception, kindly fill up the relevant section in our SOP acknowledgement form. Daycare parents, please note that you are still required to prepare a bath towel and spare clothes for your child daily.

All parents are required to fill up a family health declaration form and acknowledgement of SOPs before students are allowed to attend school

You may refer to our detailed SOP or call us if you have any questions

Overview

- ❑ We are a tri-lingual school. Our academic curriculum immerses your children in Mandarin, English and Bahasa Malaysia daily
- ❑ We offer 3 programmes for your child:
 - ✓ Half Day
 - ✓ Extended Day
 - ✓ Daycare
- ❑ Our children's' learning experience is supplemented with Science, Mathematics, Moral, Music, Arts & Crafts and Physical Education
- ❑ A well-rounded school experience is complemented with out of classroom activities such as:
 - ✓ School trips
 - ✓ Festive parties
 - ✓ Roadshows
 - ✓ Sports Day
 - ✓ End of year concert
- ❑ A variety of after school extra-curricular activities are offered for parents' convenience
- ❑ We conduct temperature checks and disinfect all surfaces daily
- ❑ All our teachers hold diplomas or higher levels of educational certification

Learning Expectations – 3 Years

Our Nursery programme introduces children to Montessori activities while utilizing songs, games and classroom interactions as the core methods of learning. Your child will:

- ☐ Be exposed to English and Mandarin
- ☐ Carry out daily Montessori activities to develop independence, confidence, better concentration span and patience. Example activities are being able to wait your turn, how to blow your own nose, putting on shoes, sitting at the table, listening to teacher's instructions, taking care of self-belongings etc.
- ☐ Develop of gross and fine motor skills, for example, holding a pencil correctly, stacking and balancing objects, threading, lacing and stacking, singing and dancing to music which promotes hand/foot and eye coordination
- ☐ Gain social and interactive skills: Sharing and learning together in class , playing together , waiting their turn, expressing oneself in class and interacting with peers.
- ☐ Learn phonic sounds. Be able to recite the phonetic sound of A-Z
- ☐ Identify numbers, colours, shapes and sizes
- ☐ Learn self-discipline, polite and good habits such as washing hands, seeking permission from teacher, saying "May I", "Please" , "Sorry" and "Thank you"
- ☐ Develop language and understanding skills through story telling, songs and music.

Learning Expectations – 4 Years

Pre-K is more play-based, utilizing songs, games and classroom interactions as the main method of learning. Your child will:

- ☐ Gain familiarity to the 3 main languages of Malaysia, **building the foundation for English, Mandarin and Bahasa Malaysia**
- ☐ **Develop dexterity and fine motor skills**, for example, holding a pencil correctly while writing and coloring, stacking and balancing objects, threading, lacing and stacking, singing and dancing to music which promotes hand/foot and eye coordination
- ☐ **Gain social and interactive skills:** Working together as a team, playing together, waiting their turn, speaking up in class, how to interact with peers
- ☐ **Learn the alphabet.** Be able to recognize and write upper and lower case characters as well as phonetics and pronunciation
- ☐ **Identify numbers, colours, shapes and sizes**
- ☐ **Learn healthy and polite habits:** e.g. good hygiene such as washing hands, saying please and thank you, sharing and waiting for their turn
- ☐ **Develop listening and comprehension skills** through story telling and music

Learning Expectations – 5 Years

K1 provides structured guidance to kids, introducing them to classroom learning and fun assignments that encourage them to continue learning at home with parental guidance. Your child will:

- ☐ **Recognize the alphabet and write letters in the correct order**
- ☐ **Be phonologically aware** – Able to listen and work with sounds in spoken words, such as vowels, consonants, diphthongs (double vowels) and phonics first sight vocabulary
- ☐ **Read and recognize words**, including more complex 2 or 3 syllable words as well as short sentences
- ☐ **Understand and usage of basic punctuation in sentences** e.g usage of capital letters, full stops, commas
- ☐ **Be able to do addition and subtraction within 10 and above**
- ☐ **Understand basic math concepts** including: matching, sorting, comparing, recognizing orders and patterns, simple measurements, time, shapes, sequences, number bonds
- ☐ **Reinforce moral concepts**, for example understanding the need to share and take turns, right and wrong behavior, respect for each elders and peers, good manners
- ☐ **Be socially aware and confident.** S/he will be encouraged to be an active classroom participant and learn good interaction with peers

Learning Expectations – 6 Years

K2 acts as a bridge to primary school and as children are slowly introduced to an increasingly structured education system while balancing learning with fun so that our students can adapt to different schooling systems. Your child will be able to:

- ☐ Identify vowels vs consonants, usage of lower and upper case letters and punctuation
- ☐ Spell simple words by sounding out letters and letter combinations
- ☐ Read simple story books independently
- ☐ Reinforce moral concepts including healthy habits, practicing empathy and kindness, safety rules (within and outside the home) and learning about different festivals, religions and cultures
- ☐ Count and perform addition and subtraction up to 100, count backwards, read the time, count money, understand the concept of even and odd
- ☐ Bahasa Malaysia: Understand the use of imbuhan such as "Me" and "Be", kata hujung "di", "ke", "atau", penjodoh bilangan, nama am & nama khas
- ☐ Mandarin:
 - Understand concept sounds of Hanyu pinyin
 - Understand how characters are combined to form new words
 - Read and comprehend basic sentences
 - Read up to 400 chinese words - can write numbers, characters and names
