

APPLE SEEDS

Draw the total number of apple seeds.

The worksheet contains five rows of math problems, each represented by an equation of apple icons:

- Row 1: An apple with 3 seeds + an apple with 1 seed = an empty apple outline.
- Row 2: An apple with 2 seeds + an apple with 1 seed = an empty apple outline.
- Row 3: An apple with 1 seed + an apple with 4 seeds = an empty apple outline.
- Row 4: An apple with 2 seeds + an apple with 3 seeds = an empty apple outline.
- Row 5: An apple with 4 seeds + an apple with 2 seeds = an empty apple outline.

At the bottom center, there is a logo for Kiddy123.com, which includes the text "KIDDY123.com" and "Malaysia Early Childhood Directory".
