How To Make A Paper Lantern

1. Print out the lantern outline provided on page 2 and decorate it to your liking.
2. Cut out the outline of the lantern (solid line); Note: Do not cut the dashed line within the lantern.
3. Fold each side (dashed line) and glue the last small strip to the opposite side of the lantern. Lastly, fold in the bottom and you are set!

Cut the outline

Glue this strip to the opposite side

Fold on dashed line
